

Ramsell340B™ Contract Pharmacy Solution

The goal is to expand 340B discount pricing while increasing patient convenience and access to pharmacy services. A “win-win” for both the covered entity and the patient!

The 340B Drug Pricing Program allows 340B covered entities to utilize contract pharmacy services to dispense section 340B outpatient drugs. Participation in a contract pharmacy network provides the covered entity access to the discount pricing while allowing eligible patients convenient access to pharmacy services as permitted in the PHS Act.

Ramsell offers a complete solution for eligible entities seeking to take advantage of 340B discount pricing through contract pharmacy arrangements. We make your job easier by handling everything from pharmacy identification and set up, implementation and ongoing management of pharmacy services.

Our total solution is geared towards increasing program efficiencies and patient convenience:

- Identify and develop the best contract pharmacy network to meet your program goals.
- Provide all necessary contracts between wholesaler, covered entity and contract pharmacy.
- Support in the HRSA registration process of contract pharmacies.
- Delivery of complete pharmacy contract management services including clinical oversight.
- Full-service PBM solution with claims adjudication, utilization reporting, system and program audits, and ongoing maintenance of the 340B formulary.
- Electronic data management system to:
 - Administer inventory replenishment and drug ordering processes.
 - Prevent drug diversion and increase auditing compliance.
 - Covered entity patient tracking Virtual inventory process.
 - Third party recapture.
- Ongoing monitoring of constantly changing 340B compliance requirements.
