

The Ramsell340B Covered Entity Solution

Ramsell offers a complete end-to-end 340B program management solution for a wide range of qualified covered entities looking to take advantage of the 340B Drug Pricing Program administered by the U.S. Department of Health and Human Services (HRSA) – Office of Pharmacy Affairs. The solution includes a complete 340B contract pharmacy service, 340B patient management system and a 340B virtual inventory management system. Ramsell has the capability to handle everything from setup and implementation to ongoing management of the 340B dispensing process. We are positioned to be your partner.

340B Data Management Modules

Our comprehensive 340B Covered Entity Solution is offered as a suite of solutions; or can be customized based on specific program needs; or available as individual modules. Each module has been designed to meet the specific administrative needs of the 340B covered entity.

Ramsell's expertise in the 340B space, coupled with our experience in managing public health programs nationwide, and our industry leading 340B Covered Entity Solution will enable eligible entities the ability to fully maximize the savings opportunities offered through the 340B Drug Pricing Program in addition to improving network access for your patients.

Ramsell340B. Simplified. Streamlined. Trustworthy.

Ramsell has been creating positive outcomes for the health and safety of underserved populations since 1964. We help organizations maximize limited resources through cost-effective coordination of care and services for complex populations managed by public health programs, education and corrections. Ramsell offers highly-configurable, web-based technology solutions, services and expertise to assist our clients in connecting people to the services they need
