

RamsellMTM™ helps Sponsors standardize quality interventions, improve clinical outcomes and control costs. For Sponsors struggling with changing regulatory requirements, complex populations lacking care coordination, and the high cost of clinical staff or inflexibility of MTM tools or programs, Ramsell provides direct patient MTM Services and/or a customizable, flexible MTM Technology Solution.

RamsellMTM allows Sponsors to:

- Improve and measure clinical outcomes.
- Standardize clinical interventions.
- Control costs.
- Resolve medication therapy problems.

### Care Continuum Program Overview

RamsellMTM delivers configurable technology designed to manage client-specific, patient- focused MTM programs. In an automated fashion, clinicians can identify and enroll eligible patients, conduct patient-specific interventions, generate documentation and measure outcomes through a customizable, flexible web-based MTM tool.

### Care Continuum Program Overview

Ramsell clinical pharmacists conduct annual Comprehensive Medication Reviews (CMR) and quarterly Targeted Medication Reviews (TMR) to monitor each patient's medication therapy, develop patient-specific medication action plans to educate patients, reduce adverse events, improve outcomes and control costs.
