Part B of the Ryan White HIV/AIDS Treatment Extension Act of 2009 (Public Law 111-87) provides grants to U.S. states and territories. The AIDS Drug Assistance Program (ADAP) is a state and territory-administered program authorized under Part B that provides FDA-approved medications to low-income people living with HIV (PLWH) who have limited or no health coverage from private insurance, Medicaid, or Medicare. ADAP formularies must include at least one drug from each class of HIV antiretroviral medications (ARV). ADAP funds may also be used to purchase health insurance for eligible clients and for services that enhance access to, adherence to, and monitoring of drug treatments.

Although there is no cure for HIV infection, PLWH who adhere to effective ARV regimens can achieve and maintain suppressed viral loads (<200 copies/mL), slowing the progression of HIV. PLWH who are virally suppressed are 96 percent less likely to pass HIV on to their sexual partners. For PLWH who maintain undetectable levels of HIV, there are no documented cases of sexual transmission. This is the premise of the Prevention Access Campaign's Undetectable Equals Untransmittable (U=U) initiative, which the Centers for Disease Control and Prevention supports agreeing there is "effectively no risk" of sexually transmitting HIV when on treatment and undetectable. For the first time ever, we have the tools to end the HIV epidemic!

Alabama ADAP Program Guidelines and Eligibility Criteria

1. HIV Positive
2. Alabama Resident
3. Total Gross Income at or below 400 percent of the Federal Poverty Level (FPL)
4. No third party payer (e.g., Medicaid, Medicare Part D, All Kids, Private Insurance paying >50 percent of the cost of medications)
5. Remain compliant with birth month and half birth month ADAP Client Eligibility Renewal

Generic formulations will be dispensed when available unless the Clinician specifically requests the Brand formulation when ordering ADAP medications.

Failure to pick up ADAP HIV medications for 90 days or (3) consecutive months will result in program disenrollment due to non-compliance with medication adherence.

Program Dispensing Policies

1. Drugs marked with “•” are to be dispensed with a minimum 28 day supply.
2. Drugs marked with “^” require a prior authorization, Ramsell will request additional information (client and drug specific) before considering the authorization.
3. Refills may be obtained after 80% of the previously dispensed days-supply has been used (Alabama ADAP allows up to 6 days prior); however, there is an annual maximum of 13 fills per prescription.
4. All ADAP prescriptions must be reauthorized by the prescriber every 6 months. The claims adjudication system will accept 5 as the maximum number of refills.
5. Non-formulary drugs are not covered if not listed on the Alabama ADAP Formulary.
6. Use of generic products is required when available, unless otherwise specified by clinician.

PLEASE NOTE: You can verify drug coverage by dialing the toll free Ramsell number listed below and select the Electronic Verification option. You will need your pharmacy NCPDP# and the drug’s 11 digit national drug code (NDC). (Ramsell Corporation 1-888-311-7632)
